Orange County Supervisor of Elections

West Orange Chamber Leadership Alumni

ADOPT-A-PRECINCT

Phi Beta Sigma

"Working together to ensure successful elections through community service partnerships"

Dear Orange County Business and Community Leader:

The Orange County Supervisor of Elections Office invites businesses, non-profits, churches, and schools to partner with us for the purpose of enhancing public confidence in our elections and ensuring the integrity of the electoral process. That is our mission and here is how you can participate.

The Adopt-A-Precinct program is designed to provide community organizations and non-profits with an opportunity to participate in the elections process in Orange County. At the same time, organizations can raise funds for the worthy causes in which they are involved. Each participating organization or business "adopts" a specific precinct, or several precincts, for the election cycle by providing the personnel to staff the Election Board at that precinct. In turn, the Supervisor of Elections writes a check to the organization rather than pay the individual workers. By forming a partnership with the Supervisor of Elections office, fundraising efforts are directed toward a worthwhile cause and the public is served by having qualified workers at the polling places.

In our three 2016 elections over \$419,241.00 was distributed to organizations participating in our Adopt-A-Precinct program!

Please take a moment and review the information about this opportunity to serve our community. Then call the Elections Department at 407-836-2070 x46534 for more details.

Let us know that your group would like to be a partner and are interested in being an "Adopt-A-Precinct" in the next election. We look forward to working with you.

THE ADOPT-A-PRECINCT PROGRAM:

- ☆ Provides community organizations and non-profits the opportunity to be part of the elections process
- ☆ Raises funds for your worthy causes by paying your organization or non-profit rather than the individual poll worker
- ☆ Each participating organization or non-profit "adopts" a specific precinct or multiple precincts for each election cycle by providing the personnel to staff the precinct(s)
- ☆ Supervisor of Elections office will display a sign outside your polling place with your organization or business' name
- ☆ Your organization's name will be added to our distinguished list of Community Partners, in our office, to highlight your contribution to this community
- ☆ Great team building opportunity for your organization

HOW MUCH CAN YOU EARN?

- ☆ Any average Election Board earnings can be up to \$1,470 per precinct, per election (See position listings)
- ☆ Additional earnings are possible when you recruit back-up workers and allow us to use them in other precincts
- ☆ After working one successful election cycle your group may qualify to adopt multiple precincts which increases your earning potential

WHAT DOES IT TAKE TO GET STARTED?

- ☆ Complete the Adopt-A-Precinct Interest Form, then fax or mail it to us
- ☆ Once your organization has been approved to become an Adopt-A-Precinct group, you will need to identify a Coordinator and at least 9 volunteers (this includes back-up workers and 1 to 3 bilingual Spanish speaking poll workers)
- ☆ Volunteers must be registered to vote in Orange County (*the Help Desk Oath Person does not need to be registered to vote in Orange County.*)
- ☆ Make sure all workers attend training, which is mandatory and occurs prior to each election
- ☆ Make sure your poll workers are at work by 6 a.m. The time they will leave varies by election, usually about 1-2 hours after the polls close
- ☆ Make sure your poll workers bring food and necessities for the entire day because they cannot leave the voting room during the day
- ☆ Remind your poll workers to wear business casual attire. You may also wish to encourage your workers to wear shirts with your business or organization logo (no electioneering)
- ☆ Most precincts will require from 1 – 3 bi-lingual Spanish poll workers. Our office can supply these workers if you can't, however your group will not receive pay for these workers
